

Talk to Linda about Triple-Negative Breast Cancer with Audio Descriptive Transcript

Audio Descriptive Text

- Linda, a simulated triple-negative breast cancer survivor, sitting down in her yard discussing her experience.

Video Summary

Meet Linda, a five-year triple-negative breast cancer survivor who can answer questions about your diagnosis and treatment options in a safe environment. For more information and to access the simulation, visit <https://www.cdc.gov/cancer/breast/triple-negative.htm>.

Audio Script

[Linda] Hi, my name's Linda. I'm a triple-negative breast cancer survivor.

I understand you just got a diagnosis. I was diagnosed almost five years ago. Went through surgery, chemo, radiation, the whole thing.

Whew, it was one of the scariest times of my life. Everything was such a whirlwind and I didn't know anybody who'd had triple-negative breast cancer. I didn't know who to talk to or where to go for information. So, what I can say is, I've been there.

Now I'm on the other side of it, almost five years cancer-free and I would be happy to answer any questions you might have.
