# How to Make a Map of Social, Economic, or Environmental Data in Your State

Step 1: Open **the Interactive Atlas of Heart Disease and Stroke at**
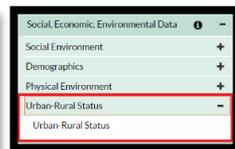

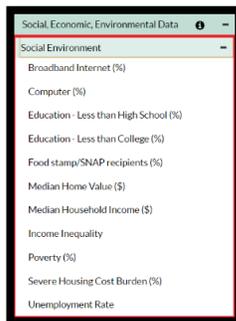

https://nccd.cdc.gov/DHDSPAtlas/Default.aspx

Step 2: Click on Select Map Area (located in the upper left corner), then choose your state.

Step 3: Click on the **Social, Economic, Environmental Data** tab on the left navigation bar, then select **Social Environment**.

Note* **Social, Economic, Environmental Data** is distinguished into three tabs **Social Environment**, **Physical Environmental**, and **Urban-Rural Status**.

We will just focus on Social Environment in this example.

Select Map Area:

Georgia

☑ Show Counties ☐ Show Census Tracts

Select data and filter options:

Mortality, Hospitalization (state, county)

Prevalence (county, census tract)

Risk Factors (county, census tract)

Social, Economic, Environmental Data

Social Environment

Broadband Internet (%)

Computer (%)

Education - Less than High School (%)

Education - Less than College (%)

Food stamp/SNAP recipients (%)

Median Home Value ($)

Median Household Income ($)

Income Inequality

Poverty (%)

Step 4: Select **Education – Less than High School (%)** from the drop-down menu underneath **Social Environment** and the map of Education will appear!

Note* You will also see options for other Social Environment options you may want to map in the future.
