Recodes: None

Keywords: income, poverty

Notes: The family's value for this variable is assigned to each member of the family, thus making it a person-level variable. The "Undefinable" cases consist of families where the number of children under age 18 in the family is equivalent to the number of family members. Published poverty thresholds from the Census Bureau are used in these calculations.

Notes: In 1997-2000 persons age 18 and above (adults) had known employment status if they were working at a job or business last week or not working last week and reported their last year's work-for-pay status. Starting in 2001 adults had known employment status if they reported their last year's work-for-pay status. The employment status of the rest of the adults was imputed.
