Last updated December 28, 2023

5	NCHS reports
73	Journal articles
	Books or book chapter or sections
4	Other papers/reports (such as from research organizations)
82	Total publications + 3 with NSFG data used as benchmark

NOTES:

- Publications are included in these NSFG bibliographies based on the most recent NSFG data release used, regardless of pooled data. They are not included in each separate bibliography.
- All NSFG-based reports published by the National Center for Health Statistics (NCHS) are available for free download on the [NSFG website](#).
- All publications are listed chronologically based on the year when they were published, so any new publications in future updates will be added at the bottom.
