

Table 1-8. Fertility Rates: United States, Each Division and State, 1980-95

(Rates are live births per 1,000 women 15-44 years of age. Population enumerated as of April 1 for census years and estimated as of July 1 for all other years. The rates in this table for 1991-95 are based on postcensal population estimates consistent with the 1990 census. Rates for these years have recently been revised using more accurate population estimates based on the results of the 2000 census, and are available at: <[http://www.cdc.gov/nchs/data/nvsr/nvsr51/nvsr51\\_12.pdf](http://www.cdc.gov/nchs/data/nvsr/nvsr51/nvsr51_12.pdf)> . The 1990 based estimates are used in this report for consistency with reports in the series that have already been published and will not be reissued)
