Table 2-1. Live Births by County of Occurrence and Place of Residence, by Race of Mother: United States, Each State and County, and Specified Urban Places of 10,000 or More, 2003

(Small figures should be interpreted with caution. Urban places are those with populations of 10,000 or more in 2000 and are incorporated unless otherwise noted. The places designated as urban other than incorporated places are special situations which are explained in the "Geographic classification" section of the Technical Appendix. Totals for each area include races other than white and black)

- Quantity zero.

--- Data not available.

(1) Areas shown are census areas, the nearest equivalent of counties.

(2) Includes data for Texarkana, Ark., only.

(3) Areas shown are parishes which are county equivalents.

(4) Includes data for Bristol, Tenn., only.

(5) Includes data for Texarkana, Tex., only.

(6) Independent city having population of less than 10,000 according to the 2000 census.

(7) Includes data for Bristol, Va., only.

(8) Includes data for Bluefield, W. Va., only.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with the 1977 Office of Management and Budget standards. In this table all women (including Hispanic women) are classified only according to their race; see Technical Appendix.
