Dear Sir:

I would like to take this opportunity to express my support of the recently proposed rules on respiratory protective devices (42 CFR Part 84 Federal Registrar vol. 59, #99). I understand that the proposed rule will upgrade current testing requirements for particulate filters.

This is only the first step, but nonetheless an important one, in assuring that the certification process addresses the health care setting specifically.

Thank you for your kind attention.

Sincerely,

Ann Marie Pettis, RN, BSN, CIC
