**Re: HIOSH Proposed Rule On Respiratory
Protective Services (42 CFR PART 84
Fed Register Vol. 59, No. 99 pp.
26850-26893)**

To Whom It May Concern:

In reference to the original letter we sent you, dated July 14, 1994 regarding the above, there was an error. The letter stated that, "**Nearly two percent** of our 1,400 employees have been screened for tuberculosis. It should read, "**Ninety-two percent (92%)** of our 1,400 employees have been screened for tuberculosis.

We truly apologize for the error. Thank you for your understanding and, again, for listening to our views.

Sincerely,

Joan C. Waller, M.D.
Chair, Infection Control Committee

Jane Sheeran, RN, MS, CIC
