Effective Immediately: Voluntary Rescission of Pacific PPE Corporation Approvals

The National Institute for Occupational Safety and Health (NIOSH) has honored a request by Pacific PPE Corporation to **voluntarily rescind ALL NIOSH respirator approvals issued to Pacific PPE Corporation.** The three rescinded approval numbers are provided below.

As of March 24, 2022, **any respirator marked with a NIOSH approval label indicating any of the approval numbers below is no longer NIOSH-approved.** The NIOSH [Certified Equipment List](#) will no longer include these approval numbers.

TC-84A-9278, TC-84A-9299 and TC-84A-9313

Due to the voluntary rescission of these NIOSH approvals, **respirators bearing any of the NIOSH approval numbers listed above may no longer be manufactured, assembled, sold, or distributed.**

Please reach out to [Pacific PPE Corporation](#) for additional details related to their decision to voluntarily rescind the approvals identified in this notice. The [Certified Equipment List](#) can be used to locate other NIOSH approved respirators.
