

MANAGING PAIN WITH OPIOID THERAPY

WB4910

PROGRAM DESCRIPTION: This enduring activity is designed to enhance healthcare professionals' knowledge and clinical decision-making skills, enabling them to competently assess whether to initiate or continue opioid therapy.

OBJECTIVES:

At the conclusion of the session, the participant should be able to:

1. Identify considerations for initiating opioid therapy for the management of pain.
2. Identify considerations for continuing opioid therapy for the management of pain.
3. Describe practice considerations for selecting opioids, determining dosage, and adjusting dosage as needed for opioid therapy.
4. Identify elements of successful care coordination and interprofessional collaboration in managing patients receiving opioid therapy.

FACULTY/ CREDENTIALS:

Kristine Schmit, MD, MPH, Medical Officer, Division of Overdose Prevention, National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention

ACCREDITATION STATEMENTS:

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, The Centers for Disease Control and Prevention is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

CME: The Centers for Disease Control and Prevention designates this **enduring** activity for a maximum of **0.5** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE: The Centers for Disease Control and Prevention designates this activity for **0.5** nursing contact hours.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer **0.1** CEU's for this program.

DISCLOSURE: In compliance with continuing education requirements, all planners and presenters must disclose all financial relationships, in any amount, with ineligible companies during the previous 24 months as well as any use of unlabeled product(s) or products under investigational use.

CDC, our planners, and content experts wish to disclose they have no financial relationship(s) with ineligible companies whose primary business is producing, marketing, selling, reselling, or distributing healthcare products used by or on patients.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use.

CDC did not accept financial or in-kind support from ineligible companies for this continuing education activity.

Instructions for Obtaining Continuing Education (CE)

To receive continuing education (CE) for **WB4910 Managing Pain with Opioid Therapy**, please visit [CDC TRAIN](#) and search for the course in the Course Catalog using **WB4910**. Follow the steps below by **November 15, 2026**.

1. Register for and complete the course.
2. Pass the post-assessment at **80%**.
3. Complete the evaluation.
4. Visit Your Learning to access your certificates and transcript.

FEES: No fees are charged for CDC's CE activities.
